Growing a Business group

A virtual coaching group for women business owners who want to take their business to the next stage and challenge the recession

- Do you believe your Business has more potential and could become OUTSTANDING
- Are you a woman business owner who wants to succeed?
- Do you want to attract more of the right kind of clients?
- Would you like to be able to take more HOLIDAYS whilst your Business continues to grow?
- Do you have lots of great ideas but don't always take ACTION to implement them?
- Have you achieved some of your GOALS and need fresh inspiration to reach the next level?
- Have you neglected the greatest asset in your Business, you? Is now the time that you should be INVESTING in YOURSELF?
- Could you benefit from having your own team in your corner who passionately believe in you and continually motivate you to SUCCEED?

If your answers are yes, then you are invited to join a group of women who want the same things. You will network with other successful women business owners for support, ideas, and inspiration. You will tap into the wisdom of other women who are going through the same challenges as you, while profiting from their input and perspective. In addition, you will benefit from my leadership and management experience in creating collaborative work environments and coaching women to achieve excellence in their work and personal lives.

By participating in this group, you will:

- Build on your strengths and the successes that got you to where you are now.
- Take control of your marketing and attract more of the right kind of clients
- Balance operations and strategic thinking.
- Have the time to grow the business
- Set strategic goals that you'll achieve
- Stay focused and on track.
- Recruit reliable staff and be confident that they'll stay
- Build a business that generates GREATER PROFITS and justifies your efforts
- Enjoy a successful personal and professional life
- Create your vision and roadmap for where you want to go.
- Feel confident, live your values, be creative, and go after your dreams!

Who can benefit from the Growing a Business programme?

Women leaders who want to lead successfully and powerfully. You will be joining a **virtual support network** of six to eight Women Business Owners that meets twice a month for one hour via conference call with me as your coach. This is not a training course, but rather a customised coaching program that is geared specifically to the goals of your group. Because this is a virtual group, there is no travel involved, which means you can join the group from the privacy and comfort of your office.

You will network with other women business owners for support, ideas, and inspiration. You will tap into the wisdom of other women who are going through the same challenges as you, while profiting from their input and perspective.

In addition to the group-coaching calls, you will receive the following tools to enable your success:

- Strategic planning template
- Tools for creating your personal and professional vision.
- 'Attract the clients you want' framework
- Twelve keys to managing time successfully.
- The top 10 questions successful leaders should ask themselves.
- Ten keys to successful Marketing
- Leadership assessments.
- Wheel of Life assessments.
- Mind Map of critical networks.
- Tips for creating an environment that supports your team
- Keys to gaining extreme productivity.
- Strategies on how to delegate and coach and mentor your team.
- Access to the top leadership articles available today.
- Individual laser coaching sessions and e-mail support as needed between group calls.
